

Sunday School Class Covenant

All members of this Sunday School Class, will enter into a covenant with one another. We understand that a covenant is a set of guidelines that we agree to follow while being a part of life together. This covenant is an understanding that we, as members of this community of faith, will take the responsibility of caring for one another seriously.

- We will be fully present when we gather together. We will not let our cell phones distract us from each other.
- We will speak to each other with fairness, respect, kindness and a gracious spirit.
- We will address conflict with grace and address issues directly and constructively.
- We will learn collaboratively, listening to opinions which are different than my own with grace and openness.
- We will support, care, and celebrate one another.
- We will take confidentiality seriously. What is said in class, stays in class.
- When someone is speaking, listen to them and respect what they have to say. No side conversations.
- We will arrive on time for class.
