## **LENT STUDY: THE WALK**

Led by Rev. Evan Jones

In *The Walk*, Adam Hamilton focuses on five essential spiritual practices that are rooted in Jesus' own walk with God and taught throughout the New Testament. Each of these practices is intended as part of our daily walk with Christ while also being an essential part of growing together in the church. In each chapter, Hamilton explores one of these practices, its New Testament foundation, and what it looks like to pursue this practice daily in our personal life and together in the life of the church. Deepen your walk with Christ as we explore the five essential practices of worship, study, serving, giving, and bearing witness to our faith.

Components: individual reading, group discussion guide, DVD lessons for class/groups, staff led zoom open/close.

Please purchase a leader's guide for your class. The church will purchase the DVD and will share the videos for your group.

The book of Proverbs is filled with little nuggets of wisdom which show us ways to be a better friend, a better partner and how to live life abundantly. Does it really tell us we should be like ants though? Find out in this deep dive into a fascinating book of the Bible. We will explore what it says and also what it does NOT say so that we can see if the wisdom from centuries ago still speaks to us today.
